ATLANTIS ENGINEERS

Atlantis Engineers is one of the growing Civil Construction company & water proofing companies in Central India.

Our staff is well experienced in all Civil Constructions & Water proofing services available. At Atlantis, we work as a team to determine how our techniques can be more effective and less costly – in terms of time, money and environmental impact.

Our primary focus is on building lasting relationships with our clients by providing them with world class solutions to their needs.

ABOUT US:

Atlantis Engineers was formed in the year 2008. We are a group of talented and experienced team of Engineers who are technically trained Today, Atlantis Engineers has developed a brand name as one of leading Civil Constructions, Waterproofing & Structural Repair Company for its successful completion of works to all Architects, Consultants, Contractors, Builders and Developers all over India.

Mission:

Effective & Efficient solutions through expert methods thus making structures sound. Continuous up gradation in our working techniques to provide high quality works at cost effective rates

Vision:

Our objectives are focused in three primary areas:

1) **Architects, Engineers, Infrastructure companies, Property Managers and Owners**
We envision working with all of the above to provide modern solutions, reliability, efficiency and investment protection. Time is money; we continue to search for new ways to improve our services.

2) **Relationship Building**

We believe that building lasting relationships is paramount for success. We continue to work with others to create a network of quality idealists.

3) **Quality Longevity**

As one of many companies around the world, we feel it is our obligation to conduct business that impacts the future. Practicing and increasing the awareness of quality initiatives throughout the construction industry is our motive.

VARIOUS SERVICES

CIVIL CONSTRUCTIONS

As a Civil Contractor, we undertake the entire construction activity. During actual construction, we manage the day to day activity on the job, including safety, quality control and adherence to the schedule. We have the ability to self-perform many aspects of our work, giving us greater control over the schedule and allowing us to truly drive the project.

We undertake projects for industrial Commercial and Residential.
